Re: NPRM-PR Docket 92-235

Dear FCC:

I am writing to protest the proposed rule, Docket 92-235. If adopted, the proposed rule will render unusable most of the airborne, radio-controlled frequency that I and other modelers use. We have thousands of dollars invested in our models and radio equipment, and strongly oppose any assignments or rules that will interfere with our sport.

If you have any questions, please call.

Yours very truly,

William T. Burghart
